APPLEFORD Of Village

Appleford Parish Council

The Annual Parish Council Meeting - 8.00pm

1. Election of Chair and Vice-Chair, Chair to sign acceptance of office Cllr Vicky Shepherd was elected as Chair (proposer GOB, seconder DG) and Greg O'Broin was elected as Vice-Chair. Vicky signed the acceptance of office. GOB stated the need for more support from villagers due to the pressures of the role and the amount of work involved. Cllrs had asked OALC if it might be possible to increase the number of councillors for Appleford to support the amount of work required in the parish. The election of Chair and Vice-Chair may be only on a temporary basis due to the pressures of the work required.	ACTION
2. Welcome, Apologies and Quorate VS welcomed all to the meeting. The meeting was quorate. Cllr Peter Stevens and Cllr Manu Mavrikis gave their apologies.	
3. Declarations of personal and prejudicial interest VS & GOB declared an interest in Appleford Parish Trust. GOB is also involved in the management of the Village Hall. It was noted that the conversion of Appleford Village Hall Charity into a CIO might be completed in the next 2-3 months.	
4. Minutes of the APC meeting held on 13th March 2025 Minutes from the meeting held on 13 th March were APPROVED and signed by the Chair.	APPROVED

5. Update on progress since the previous minutes

DG confirmed that he will obtain a quotation for a pest control survey due to the reported rat infestation behind Chambrai close.

6. Travellers in the Recreation Ground

The travellers have now gone from the recreation ground but left behind a considerable amount of rubbish. GOB is managing the removal of the majority of the remaining waste. A number of residents also volunteered to assist in the removal of waste. The PC was supported by Andy Rymer of the OCC Gypsies and Travellers Team who spoke directly with the travellers and who also provided further information on the types of suitable locks or barriers that could be considered to discourage travellers from accessing the recreation ground in future. The PC would like to thank Andy Rymer for his support. An estimate for the cost of an overhead barrier was c. £1,500 plus installation costs. The purchase of a stronger lock was approved (to £40) to act as a deterrent until a barrier can be purchased and installed.

Appleford Parish Council

7. Public Participation

A resident asked about the status of SESRO and the PC's involvement. Cllrs confirmed that the PC had no capacity to be involved in SESRO/GARD. A resident also commented on the presence of black bags beneath the Christmas trees, which still remain in the recreation ground car park. It was agreed that a group of residents would tackle the problem. There was also a question on a potential Neighbourhood Plan for Appleford but again not enough volunteers had come forward to be able to progress.

8. Report from County Councillor - Peter Stevens

Peter gave his apologies for the meeting.

9. **Planning**

- a. Update on HIF1 OCC due to engage with local stakeholders on final design, concerns over Scheme of Delegation to Officers, maintaining footpath and cycle access during works. GOB noted that all key contacts at OCC were no longer in post after the May county council elections. Cllrs have not received notification of any further engagement on the final design to date. ORAA have taken legal advice which resulted in the decision not to continue the legal case as the chances of winning are slim. OCC will still need to confirm to the conditions for the development and will need to ensure footpath access remains open when the work starts.
- b. **Updates following Heidelberg presentation** sharing of noise data, lack of enforcement by OCC on commercial sites, feedback on report of traffic through village. GOB noted that a truck driver who was reported driving through the village had been put on a training course. The noise levels in the village were reported by residents as relatively low currently.
- c. **Update on BESS** progress of community donation proposed by TBC Partners. The developers have refused to provide a community donation. As the development is not for housing, it will not attract CIL. GOB stated that there are ongoing concerns about the development relating to the security risk, the presence of an industrial development at the entrance to the village, the potential risk of flooding, loss of habitat for endangered species, and the risk of polluting Moor Ditch. GOB also referred to the height of the BESS development and the need for improved frontage shielding.
- d. The landowner confirmed that the site will be fully bunded and therefore contained. The land is being leased, not sold, therefore the landowner would not expect the land to be contaminated at the end of the lease. GOB will continue to liaise with Grant Fixter of RPS, as well as the OCC County Councillor. The planning application (P25/V0149/FUL) may be on the June planning committee agenda for the Vale. The landowner confirmed that if the planning application is successful, the connection date will most likely be in 2027. There are also other speculative BESS planning applications in the wider area including FCC land.
- e. **Update on FCC** offer for community funding. The offer of funding is available potentially for a MUGA or for the recreation ground barrier.

Signed:	Date

	lunteers are needed to take forward the grant application. GOB stated at the barrier is essential.	
10. A _l	ppleford Parish Council – vacancy for Councillor	
hepherd nd was v	es was nominated as a new Parish Councillor – proposed by Cllr Vicky I and seconded by Cllr Greg O'Broin. Claire signed the acceptance of office welcomed as a new parish councillor for Appleford. Claire will take on bility for the e-Pressings and liaison with ACP.
